

David Perkins

Member

David joined Orton Wistow's Governing Body in 2011, first as a Parent Governor, and then took on other roles including

Equality Governor and Vice-Chair. Having decided that he would better serve the OWN Trust as part of the Trust Board, David accepted the role of Vice-Chair during the Trust's formation, and later became the Chair of the Audit & Risk Committee, and Safeguarding Trustee.

Between 2012 and 2016, David's paid work was as the Data Compliance Officer for Capita Education Services, where he led a small team championing Data Protection and Information Security. He still specialises in Data Management and Privacy, albeit in different sectors, and is a passionate advocate about what can be achieved through the use of high-quality data.
