2. OWN Trust Child Protection Statement

OWN Trust fully recognises the responsibility it has under section 175 of the Education Act 2002 (as amended), to have arrangements in place to safeguard and promote the welfare of children. This responsibility is more fully explained in the statutory guidance for schools and colleges 'Keeping Children Safe in Education' (September 2024). All staff must be made aware of their duties and responsibilities under Part One of this document.

Staff should read the above document together with 'Annex B' of 'Keeping Children Safe in Education', 2024, if they are working directly with children. For those staff who do not work directly with children Annex A can be issued instead, although it is recommended that the full document is read by all.

The OWN Trust recognises that the welfare of all children is paramount and the needs and wishes of each child will be put first. Across all schools, we take seriously our duty to safeguard and promote the welfare of the children and young people in our care.

Each of the schools within the own Trust has a Designated Safeguarding Lead and at least one Deputy Safeguarding Lead. During term time and during the school day, one or both are contactable regarding safeguarding concerns. Each school will complete the local authority audit each year, the Trust audit and submit a report to the Local Governance Committee each term. They will liaise with local agencies to safeguard children in their school.

All staff are supported to maintain a view that "it could happen here" and that safeguarding is 'Everyone's Responsibility'. All staff will receive on-going training and updates to ensure a strong safeguarding culture.

Each school within the OWN Trust will amend the safeguarding and child protection policy to reflect their local context and processes. The policy will reflect the current statutory guidance in Keeping Children Safe in Education (2024) including Part 1 and Working Together to Safeguard Children. Individual policies are available on each school's website and will list the names of the DSLs (Designated Safeguarding Lead) and DDSLs at each site.

The Trust DSLs are Lorraine Greco (CEO) and Colin Marks (Headteacher at Orton Wistow). Sally Williams (Vice Chair of Trust Board) is the Safeguarding and Whistle Blowing Trustee.

3. Aims

Through their day-to-day contact with pupils and direct work with families, all staff, volunteers, governors and Trustees, in OWN Trust schools, have a responsibility to:

- Identify concerns early to prevent them from escalating
- Provide a safe environment in which children can learn
- Identify children who may benefit from early help
- Know what to do if a child tells them he/she is being abused or neglected
- Follow the referral process if they have a concern

4. Legislation and statutory guidance

This policy is based on the Department for Education's (DfE's) statutory guidance [Keeping Children Safe in Education \(2024\)](#) and [Working Together to Safeguard Children \(2023\)](#), and the [Governance Handbook](#). We comply with this guidance and the arrangements agreed and published by our local safeguarding partners. This policy also complies with our funding agreement and articles of association.

5. Definitions

Safeguarding and promoting the welfare of children means:

- Providing help and support to meet the needs of children as soon as problems emerge
- Protecting children from maltreatment whether that is within or outside the home, including online
- Preventing impairment of children's mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to protect specific children who are suspected to be suffering, or likely to suffer, significant harm. This includes harm that occurs inside or outside the home, including online.

[Appendix 1](#) explains the different types of abuse in further detail.

Abuse is a form of maltreatment of a child and may involve inflicting harm or failing to act to prevent harm.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.

[Appendix 1](#) defines neglect in more detail.

Sharing of nudes and semi-nudes (also known as sexting or youth produced sexual imagery) is where children share nude or semi-nude images, videos or live streams. This also includes pseudo-images which are computer-generated images that otherwise appear to be a photograph or video.

Children includes everyone under the age of 18.

Victim is a widely understood and recognised term, but we understand that not everyone who has been subjected to abuse considers themselves a victim or would want to be described that way. When managing an incident, we will be prepared to use any term that the child involved feels most comfortable with.

Alleged perpetrator(s) and **perpetrator(s)** are widely used and recognised terms. However, we will think carefully about what terminology we use (especially in front of children) as, in some cases, abusive behaviour can be harmful to the perpetrator too. We will decide what's appropriate and which terms to use on a case-by-case basis.

The following **safeguarding partners** are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- The local authority (LA)
- Integrated care boards (previously known as clinical commissioning groups) for an area within the LA
- The chief officer of police for a police area in the LA area

6. Equality statement

Some children have an increased risk of abuse, both online and offline, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs (SEN) or disabilities or health conditions (see section 10)
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers
- Are at risk due to either their own or a family member's mental health needs
- Are looked after or previously looked after (see section 12)
- Are missing from education for prolonged periods and/or repeat occasions
- Whose parent/carer has expressed an intention to remove them from school to be home educated

7. Roles and Responsibilities

Safeguarding and child protection is everyone's responsibility. This policy applies to all staff, volunteers, local governors in the school and trustees across our trust and is consistent with the procedures of the safeguarding partners. Our policy and procedures also apply to extended school and off-site activities.

School plays a crucial role in preventative education. This is in the context of a whole-school approach to preparing pupils for life in modern Britain, and a culture of zero tolerance of sexism, misogyny/misandry, homophobia, biphobia, transphobia and sexual violence/harassment.

7.1. Staff

All staff will:

- Read and understand part 1 and annex B of the Department for Education's statutory safeguarding guidance, [Keeping Children Safe in Education](#), and review this guidance at least annually
- Sign a declaration at the beginning of each academic year to say that they have reviewed the guidance
- Reinforce the importance of online safety when communicating with parents and carers. This includes making parents aware of what we ask children to do online (e.g. sites they need to visit or who they'll be interacting with online)
- Provide a safe space for all pupils, including those who are LGBTQ+ to speak out and share their concerns

All staff will be aware of:

- Our systems which support safeguarding, including this child protection policy, the staff code of conduct, the role and identity of the designated safeguarding lead (DSL) and deputy/deputies, the behaviour for learning policy, online safety policy and the safeguarding response to children who go missing from education
- The early help assessment process (sometimes known as the common assessment framework) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- The different types of abuse, neglect and exploitation, including domestic and sexual abuse (including controlling and coercive behaviour as well as parental conflict that is intense and unresolved), as well as specific safeguarding issues, such as child-on-child abuse, sexual exploitation (CSE), child criminal exploitation (CCE), indicators of being at risk from or involved with serious violent crime, FGM, radicalisation and serious violence linked to county lines and gang related crime,

- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- New and emerging threats, including online harm, grooming, sexual exploitation, criminal exploitation, radicalisation, and the role of technology and social media in presenting harm
- The importance of reassuring victims that they are being taken seriously and that they will be supported and kept safe
- The fact that children can be at risk of harm inside and outside of their home, at school and online
- The fact that children who are (or who are perceived to be) lesbian, gay, bi or trans (LGBTQ+) can be targeted by other children
- What to look for to identify children who need help or protection - signs and indicators of abuse.

7.2. The designated safeguarding lead (DSL)

- The DSL is a member of the senior leadership team. They will lead responsibility for child protection and wider safeguarding in the school. This includes online safety and understanding our filtering and monitoring processes on school devices and school networks to keep pupils safe online.
- During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns. The DSL can also be contacted out of school hours if necessary, via phone.
- When the DSL is absent, the (Deputy DSL/s) will act as cover.
- If the DSL and [deputy/deputies] are not available, the next most senior member of staff will act as cover (for example, during out-of-hours/out-of-term activities).
- The DSL will be given the time, funding, training, resources and support to:
 - Provide advice and support to other staff on child welfare and child protection matters
 - Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
 - Contribute to the assessment of children
 - Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel program, Disclosure and Barring Service, and/or police), and support staff who make such referrals directly
 - Have a good understanding of harmful sexual behaviour
 - Have a good understanding of the filtering and monitoring systems and processes

The DSL will also:

- Keep the headteacher informed of any issues (if the DSL isn't the headteacher)
- Liaise with local authority case managers and designated officers for child protection concerns as appropriate

- Be confident that they know what local specialist support is available to support all children involved (including victims and alleged perpetrators) in sexual violence and sexual harassment, and be confident as to how to access this support
- Be aware that children must have an 'appropriate adult' to support and help them in the case of a police investigation or search
- The full responsibilities of the DSL and [deputy/deputies] are set out in their job description.

7.3. The Trust Board

The trust board will:

- Detail the roles and responsibilities of the trust board and local governing board related to child protection and safeguarding in the scheme of delegation.
- Facilitate a whole-school approach to safeguarding, ensuring that safeguarding and child protection are at the forefront of, and underpin, all relevant aspects of process and policy development
- Evaluate and approve this policy at each formal review, ensuring it complies with the law, and hold the headteacher to account for its implementation
- Be aware of its obligations under the Human Rights Act 1998, the Equality Act 2010 (including the Public Sector Equality Duty), and our school's local multi-agency safeguarding arrangements
- Appoint a safeguarding lead trustee to monitor this policy's effectiveness with the local governing committees.
- The chair of the board of trustees will act as the 'case manager' in the event that an allegation of abuse is made against the CEO, where appropriate.
- All trustees will read Keeping Children Safe in Education in its entirety.

7.4. The Local Governance Committees

Local governance committees will:

- Review the school-specific elements of the child protection and safeguarding policy after the trust level policy has been reviewed and approved.
- Hold the headteacher to account for the implementation of the policy.
- Facilitate a whole-school approach to safeguarding, ensuring that safeguarding and child protection are at the forefront of, and underpin, all relevant aspects of process and policy development
- Evaluate and approve this policy at each review, ensuring it complies with the law, and hold the headteacher to account for its implementation
- Be aware of its obligations under the Human Rights Act 1998, the Equality Act 2010 (including the Public Sector Equality Duty), and our school's local multi-agency safeguarding arrangements
- Appoint a safeguarding lead governor to monitor this policy's effectiveness with the full governing committee. They will liaise with the school DSL on local safeguarding issues and report to the safeguarding trustee.

- Ensure all staff undergo safeguarding and child protection training, including online safety, and that such training is regularly updated and is in line with advice from the safeguarding partners
- The chair of governors will act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, where appropriate.
- Ensure that the school has appropriate filtering and monitoring systems in place and review their effectiveness. This includes:
 - Making sure that the leadership team and staff are aware of the provisions in place, and that they understand their expectations, roles and responsibilities around filtering and monitoring as part of safeguarding training
 - Reviewing the DfE's filtering and monitoring standards, and discussing with IT staff and service providers what needs to be done to support the school in meeting these standards

LGCs must make sure:

- The DSL has the appropriate status and authority to carry out their job, including additional time, funding, training, resources and support
- Online safety is a running and interrelated theme within the whole-school approach to safeguarding and related policies
- The DSL has lead authority for safeguarding, including online safety and understanding the filtering and monitoring systems and processes in place
- The school has procedures to manage any safeguarding concerns (no matter how small) or allegations that do not meet the harm threshold (low-level concerns) about staff members (including supply staff, volunteers and contractors).
- That this policy reflects that children with SEND, or certain medical or physical health conditions, can face additional barriers to any abuse or neglect being recognised
- Where another body is providing services or activities (regardless of whether or not the children who attend these services/activities are children on the school roll):
- Seek assurance that the other body has appropriate safeguarding and child protection policies/procedures in place, and inspect them if needed
- Make sure there are arrangements for the body to liaise with the school about safeguarding arrangements, where appropriate
- Make sure that safeguarding requirements are a condition of using the school premises, and that any agreement to use the premises would be terminated if the other body fails to comply
- All local governors will read Keeping Children Safe in Education in its entirety.

7.5. The Headteacher

The headteacher must:

- Ensure that staff (including temporary staff) and volunteers:
- Are informed of our systems which support safeguarding, including this policy, as part of their induction

- Understand and follow the procedures included in this policy, particularly those concerning referrals of cases of suspected abuse and neglect
- Communicate this policy to parents/carers when their child joins the school and via the school website
- Ensure that the DSL (if not the Headteacher) has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- Ensure that all staff undertake appropriate safeguarding and child protection training, and updating the content of the training regularly
- Make sure that online safety training is included in staff safeguarding and child protection training
- Act as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate
- Make decisions regarding all low-level concerns, though they may wish to collaborate with the DSL on this
- Ensure the relevant staffing ratios are met, where applicable
- Make sure each child in the Early Years Foundation Stage is assigned a key person
- Oversee the safe use of technology, mobile phones and cameras in the setting

8. Confidentiality

It is crucial for staff, governors, trustees and members to understand and adhere to our trust Confidentiality Agreement and Data Protection policy and procedures to maintain trust, respect privacy, and comply with legal and ethical obligations.

Key Principles:

Timely information sharing is essential to effective safeguarding

- Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children
- The Data Protection Act (DPA) 2018 and UK GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe
- If staff need to share 'special category personal data', the DPA 2018 contains 'safeguarding of children and individuals at risk' as a processing condition that allows practitioners to share information without consent if: it is not possible to gain consent; it cannot be reasonably expected that a practitioner gains consent; or if to gain consent would place a child at risk
- Staff should never promise a child that they will not tell anyone about a report of abuse, as this may not be in the child's best interests
- If a victim asks the school not to tell anyone about the sexual violence or sexual harassment:
- There's no definitive answer, because even if a victim doesn't consent to sharing information, staff may still lawfully share it if there's another legal basis under the UK GDPR that applies
- The DSL will have to balance the victim's wishes against their duty to protect the victim and other children
- The DSL should consider that:

- Parents or carers should normally be informed (unless this would put the victim at greater risk)
- The basic safeguarding principle is: if a child is at risk of harm, is in immediate danger, or has been harmed, a referral should be made to local authority children's social care
- Rape, assault by penetration and sexual assault are crimes. Where a report of rape, assault by penetration or sexual assault is made, this should be referred to the police. While the age of criminal responsibility is 10, if the alleged perpetrator is under 10, the starting principle of referring to the police remains
- Regarding anonymity, all staff will:
- Be aware of anonymity, witness support and the criminal process in general where an allegation of sexual violence or sexual harassment is progressing through the criminal justice system
- Do all they reasonably can to protect the anonymity of any children involved in any report of sexual violence or sexual harassment, for example, carefully considering which staff should know about the report, and any support for children involved
- Consider the potential impact of social media in facilitating the spreading of rumours and exposing victims' identities
- The government's [information sharing advice for safeguarding practitioners](#) includes 7 'golden rules' for sharing information, and will support staff who have to make decisions about sharing information
- If staff are in any doubt about sharing information, they should speak to the DSL (or deputy)

9. Recognising abuse and taking action

We will follow the procedures set out in the Peterborough Safeguarding Children Partnership Board 'Multi-Agency Procedures'. A copy of these procedures can be found on their website:

[Multi-Agency Policies and Procedures | Cambridgeshire and Peterborough Safeguarding Partnership Board \(safeguardingcambspeterborough.org.uk\)](https://safeguardingcambspeterborough.org.uk)

All staff are expected to be able to identify and recognise all forms of abuse, neglect and exploitation and shall be alert to the potential need for early help or immediate intervention. Whilst the Trust sets out the overall safeguarding duty, all schools within the trust must set out their own in-school procedures as found below:

9.1. Procedures for identifying, responding to/logging a concern

Staff, must follow the procedures below in case of a safeguarding issue.

- All staff will have access to MyConcern either as a basic user or trusted user
- All safeguarding concerns will be recorded on MyConcern by logging into the system and recording a new concern
- The DSL and all DDSs will be immediately alerted to the concern via email.

- If a member of staff, volunteer, trustee or local governor thinks a child may be in immediate danger, they must first inform the DSL (or a DDSL) straight away, and then follow up by recording a new concern as soon as possible.
- The DSL or DDSL is then responsible for adding a category to the concern and deciding on what action needs to be taken.
- The DSL or DDSL will task the correct person(s) with any follow up actions required. This will be recorded as a task on MyConcern and assigned to the correct person. Options for the person creating the task are either themselves, the DSL or another DDSL, the member of staff who raised the concern or if required, another member of staff can be added to the team and then given the task.
- If a member of staff has been set a task they are responsible for completing it within the timeframe set by the DSL or DDSL.
- The DSL and DDSLs will monitor the tasks, ensuring all have been completed and details of the outcome of the task recorded.
- Concerns will remain open until all tasks have been completed and the DSL/DDSL is satisfied that no further action needs to be taken at this time.
- The concern can then be filed.
- At any point, a filed concern can be reopened if necessary.

Volunteers, trustees and local governors must follow the procedures below in case of a safeguarding issue.

- All volunteers, trustees and local governors will have access to the school's safeguarding leaflet which outlines their responsibilities and who the DSL, DSLs and safeguarding governor are. There is also additional safeguarding information on display in the school including in the school entrance and staff room.
- If at any point a volunteer, local governor or trustee is concerned about the safety of a young person in the school they must immediately inform the DSL or a DDSL. If the DSL or a DDSL is not available, they must find the most senior member of staff in school at that point to inform.
- All details of the concern must be shared with the DSL/DDSL/Senior member of staff. They will then record on MyConcern and follow the same procedures above. The volunteer, trustee or local governor will not be asked to follow up on the concern with a specific task but they may be asked for additional information if required.

However, if a DSL is unavailable, you can initially make contact with one of the Trust DSLs to share your concerns. If you are unable to speak with a DSL, you should refer to children's social care and/or the police immediately if you believe a child is suffering or likely to suffer from harm or in immediate danger. Anyone can make a referral. If the concern is at a lower level, you should share this with the most senior member of staff available and ensure the information is passed on to a DSL at the earliest opportunity.

If a child discloses a safeguarding issue to you, you should:

- Listen to and believe them. Allow them time to talk freely and do not ask leading questions

- Stay calm and do not show that you are shocked or upset
- Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner
- Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret
- Write up your conversation as soon as possible in the child's own words. Stick to the facts, and do not put your own judgement on it

9.2. Record-keeping

We will hold records in line with our records retention schedule.

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing on 'My Concern'. This should include instances where referrals were or were not made to another agency such as local authority children's social care or the Prevent program, etc. If you are in any doubt about whether to record something, discuss it with the DSL.

Records will include:

- A clear and comprehensive summary of the concern
- Details of how the concern was followed up and resolved
- A note of any action taken, decisions reached and the outcome
- The records should be entirely factual and not 'opinion based'. In the event of an opinion being needed in the records, it should be clearly stated that it is an opinion.

If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their child protection file is forwarded as soon as possible, securely, and separately from the main pupil file.

To allow the new school to have support in place when the child arrives, this should be within:

- 5 days for an in-year transfer, or within
- The first 5 days of the start of a new term

In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

Bear in mind that some children may:

- Not feel ready, or know how to tell someone that they are being abused, exploited or neglected
- Not recognise their experiences as harmful
- Feel embarrassed, humiliated or threatened. This could be due to their vulnerability, disability, sexual orientation and/or language barriers

None of this should stop you from having a 'professional curiosity' and speaking to the DSL if you have concerns about a child

9.3. Multi-Agency Working

Our schools will:

- Work to develop effective links with relevant services to promote the safety and welfare of all pupils/students.
- Co-operate as required, in line with 'Working Together to Safeguard Children,' (2023), with key agencies in their enquiries regarding child protection matters including attendance and providing written reports at child protection conferences and core groups.
- Notify the relevant Social Care Team immediately if:
 - it should have to exclude a pupil who is subject to a Child Protection Plan (whether fixed term or permanently);
 - there is an unexplained absence of a pupil who is subject to a Child Protection Plan;
 - there is any change in circumstances to a pupil who is subject to a Child Protection Plan.

When a pupil who is subject to a Child Protection Plan leaves, information will be transferred to the new school immediately. The Child Protection Chair and Social Care Team will also be informed.

9.4. Communication with Parents/Carers

Our schools will:

- Ensure that parents/carers are informed of the responsibility placed on the school and staff in relation to child protection by setting out its duties in the school prospectus/website.
- Undertake appropriate discussion with parents/carers prior to involvement of another agency unless the circumstances preclude this action.
- Record what discussions have taken place with parents or if a decision has been made not to discuss it with parents, for example if the school/college believes that notifying parents could place the child or another person at immediate risk of harm or prejudice the prevention or detection of crime, the rationale must be recorded. Records may subsequently be disclosable to relevant partner agencies if Child Protection proceedings commence.

9.5. Early help assessment

- If an early help assessment is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.
- We will discuss and agree, with statutory safeguarding partners, levels for the different types of assessment, as part of local arrangements.

- The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.
- The Targeted Support Service is the main provider of Early Help services in Peterborough. Appropriately trained members of staff will liaise with the family and make a referral to Targeted Support Services on their behalf. [Early Help and Targeted Support | Peterborough City Council](#)

9.6. Referral

- If it is appropriate to refer the case to local authority children's social care or the police, the DSL will make the referral or support you to do so. If you make a referral directly, you must tell the DSL as soon as possible. A DDSL can support with this if the DSL is unavailable.
- The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.
- If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.
- DSLs will follow up with First Response and the Social Worker if there has been one allocated to the family. If no further action is taken and there are still concerns, then escalation to Social Care management will become necessary.

9.7. If you have concerns about extremism:

- If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the DSL first to agree a course of action.
- If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or seek advice from local authority children's social care. Make a referral to local authority children's social care directly, if appropriate (see 'Referral' above). Inform the DSL or deputy as soon as practically possible after the referral.
- Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include the police or [Channel](#), the government's program for identifying and supporting individuals at risk of becoming involved with or supporting terrorism or the local authority children's social care team.
- The Department for Education also has a dedicated telephone helpline, 020 7340 7264, which school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.
- In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:
 - Think someone is in immediate danger

- Think someone may be planning to travel to join an extremist group
- See or hear something that may be terrorist-related

9.8. If you discover that FGM has taken place, or a pupil is at risk of FGM:

- Keeping Children Safe in Education explains that FGM comprises “all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs”.
- FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as ‘female genital cutting’, ‘circumcision’ or ‘initiation’.
- Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 4 of this policy.
- Any teacher who either who is informed by a girl under 18 that an act of FGM has been carried out on her; or observes physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe that the act was necessary for the girl’s physical or mental health or for purposes connected with labour or birth:
 - Must immediately report this to the police, personally. This is a mandatory statutory duty, and teachers will face disciplinary sanctions for failing to meet it.
 - Unless they have been specifically told not to disclose, they should also discuss the case with the DSL and involve children’s social care as appropriate.
- Any other member of staff who discovers that an act of FGM appears to have been carried out on a pupil under 18 must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

- Any member of staff who suspects a pupil is *at risk* of FGM or suspects that FGM has been carried out should speak to the DSL and follow our local safeguarding procedures.
- All suspicions or known acts of FGM are to be reported to the local authority using an online Multi Agency Referral Form (MARF). Known acts must be reported to the police if discovered by a teacher.
- Where possible, speak to the DSL first to agree a course of action.
- If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or take advice from local authority children’s social care. You can also seek advice at any time from the NSPCC helpline on 0808 800 5000. Share details of any actions you take with the DSL as soon as practically possible.

9.9. If you have a mental health concern:

- Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

- Staff will be alert to behavioural signs that suggest a child may be experiencing a mental health problem or be at risk of developing one.
- If you have a mental health concern about a child that is also a safeguarding concern, take immediate action by following the steps set out above.
- If you have a mental health concern that is not also a safeguarding concern, speak to the DSL to agree a course of action.

Refer to the Department for Education guidance on [mental health and behaviour in schools](#) for more information.

There are several services that can be contacted to support children who may be experiencing mental health problems. DSLs will liaise with families and can refer on their behalf:

- CAMHS - [Children's, Young People's and Families Services | CPFT NHS Trust](#)
- YOUnited - [YOUnited | CPFT NHS Trust](#)
- YoungMinds | Mental Health Charity For Children And Young People - <https://www.youngminds.org.uk/>
- Kooth - <https://www.kooth.com/>

9.10. Allegations of abuse made against other pupils

- We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”, as this can lead to a culture of unacceptable behaviours and an unsafe environment for pupils.
- We also recognise the gendered nature of child-on-child abuse. However, all child-on-child abuse is unacceptable and will be taken seriously.
- Most cases of pupils hurting other pupils will be dealt with under our school’s behaviour for learning policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:
 - Is serious, and potentially a criminal offence
 - Could put pupils in the school at risk
 - Is violent
 - Involves pupils being forced to use drugs or alcohol
 - Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, upskirting or sexually inappropriate pictures or videos (including the sharing of nudes and semi-nudes)

Procedures for dealing with allegations of child-on-child abuse

- If a pupil makes an allegation of abuse against another pupil:
 - You must record the allegation and tell the DSL, but do not investigate it
 - Where appropriate, the DSL will contact the local authority children’s social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence

- The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed.
- The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate
- If the incident is a criminal offence and there are delays in the criminal process, the DSL will work closely with the police (and other agencies as required) while protecting children and/or taking any disciplinary measures against the alleged perpetrator. We will ask the police if we have any questions about the investigation.
- The DSL will keep accurate records of all incidents and actions taken and work closely with the families of the children involved and the external agencies.

We recognise the importance of taking proactive action to minimise the risk of child-on-child abuse, and of creating a supportive environment where victims feel confident in reporting incidents.

To achieve this, we will:

- Challenge any form of derogatory or sexualised language or inappropriate behaviour between peers, including requesting or sending sexual images
- Be vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Ensure our curriculum helps to educate pupils about appropriate behaviour and consent
- Ensure pupils are able to easily and confidently report abuse using our reporting systems (as described in section 7.10 below)
- Ensure staff reassure victims that they are being taken seriously
- Ensure staff are trained to understand:
 - To recognise the indicators and signs of child-on-child abuse, and know how to identify it and respond to reports
 - That even if there are no reports of child-on-child abuse in school, it does not mean it is not happening – staff should maintain an attitude of “it could happen here”

9.11. Sharing of nudes and semi-nudes ('sexting')

Your responsibilities when responding to an incident:

- If you are made aware of an incident involving the consensual or non-consensual sharing of nude or semi-nude images/videos, including pseudo-images, which are computer-generated images that otherwise appear to be a photograph or video (also known as 'sexting' or 'youth produced sexual imagery'), you must report it to the DSL immediately.

You must not:

- View, copy, print, share, store or save the imagery yourself, or ask a pupil to share or download it (if you have already viewed the imagery by accident, you must report this to the DSL)
- Delete the imagery or ask the pupil to delete it
- Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
- Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
- Say or do anything to blame or shame any young people involved
- You should explain that you need to report the incident and reassure the pupil(s) that they will receive support and help from the DSL.

9.12. Reporting systems for our pupils

We recognise the importance of ensuring pupils feel safe and comfortable to come forward and report any concerns and/or allegations.

To achieve this, we will:

- Put systems in place for pupils to confidently report abuse
- Ensure our reporting systems are well promoted, easily understood and easily accessible for pupils
- Make it clear to pupils that their concerns will be taken seriously, and that they can safely express their views and give feedback
- Children can choose to speak to any member of staff in the school. If there is a specific adult they want to speak to they can either approach them independently or ask to speak to them.
- The pastoral support team in school are available for children to speak to at any point during the week.
- All members of staff know that they must give children the time to talk about any concerns they have and understand their responsibilities whilst the child is sharing and afterwards (following the MyConcern reporting procedures if necessary)
- In PSHE, Think Time Thursdays (class assemblies), relationship/sex education lessons and related assemblies, children are reminded that they can speak to an adult in school if they have any concerns.

10. Curriculum coverage

We recognize that high self-esteem, confidence and supportive friends and good lines of communication with a trust adult help to protect children.

The school will therefore:

- Establish and maintain an environment where children feel safe, including in a digital context, and are encouraged to talk and are listened to
- Ensure children know that there are trusted adults in the school whom they can approach if they are worried or in difficulty and their concerns will be acted upon as appropriate.
- Tailour our curriculum to be age and stage of development appropriate so that it meets the specific needs and vulnerabilities of individual children, including those who are victims of abuse, and children with special educational needs.
- Incorporate in to the curriculum, activities and opportunities that enable children to develop their understanding of stereotyping, prejudice and equality.

Within our PSHE, RSE and wider curriculum, activities and opportunities will equip children with the skills they need to stay safer from abuse and exploitation in all contexts, including:

- How to recognise if family relationships are making them feel unhappy or unsafe and how to seek help or advice from others if needed.
- How to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable and how to seek help or advice from others, if needed.
- The importance of permission-seeking and giving in relationships with friends, peers and adults.
- That some people behave differently online, including by pretending to be someone they are not.
- The rules and principles for keeping safe online, how to recognise risks, harmful context and contact and how to report them.
- How to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met.
- About the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe.
- That each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact.
- How to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know.
- How to recognise and report feelings of being unsafe or feeling bad about any adult or other children.
- How to ask for advice or help for themselves or others, and to keep trying until they are heard.

- How to report concerns or abuse, and the vocabulary and confidence needed to do so.
- Where to get advice e.g. family, school and/or other sources.

At **Name of School**, we value the skills and knowledge that we can acquire through the subject of PSHE. Each year, the children have the opportunity to develop their understanding of maintaining their physical and mental health, combating bullying, understanding economic wellbeing, rights and rules and staying safe, and to consolidate these areas year on year, with regular occasions to embed and showcase their understanding. Within the PSHE umbrella, children will also be completing their Relationship and Sex Education (RSE), through the use of the Norfolk County Council Scheme of Work. Children will complete various objectives linked to feelings, the body, relationships, beliefs, rights and responsibilities and asking for help. Children with SEND are expected to know the highlighted sections of the knowledge organiser and curriculum document, but are offered the full curriculum through adaptive, quality-first teaching.

11. Online safety and the use of mobile technology

We recognise the importance of safeguarding children from potentially harmful and inappropriate online material, and we understand that technology is a significant component in many safeguarding and wellbeing issues.

To address this, our trust aims to:

- Have robust processes in place (including filtering and monitoring) to ensure the online safety of pupils, staff, volunteers and governors
- Protect and educate the whole school community in its safe and responsible use of technology, including mobile and smart technology (which we refer to as 'mobile phones')
- Set clear guidelines for the use of mobile phones for the whole school community
- Establish clear mechanisms to identify, intervene in and escalate any incidents or concerns, where appropriate

11.1. The 4 key categories of risk

Our approach to online safety is based on addressing the following categories of risk:

- Content – being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation and extremism
- Contact – being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes
- Conduct – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying; and

- Commerce – risks such as online gambling, inappropriate advertising, phishing and/or financial scams

To meet our aims and address the risks above we will:

- Educate pupils about online safety as part of our curriculum. For example:
 - The safe use of social media, the internet and technology
 - Keeping personal information private
 - How to recognise unacceptable behaviour online
 - How to report any incidents of cyber-bullying, ensuring pupils are encouraged to do so, including where they are a witness rather than a victim
 - Train staff, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying and the risks of online radicalisation. All staff members will receive refresher training at least once each academic year
- Educate parents/carers about online safety via our website, communications sent directly to them and during parents' evenings. We will also share clear procedures with them so they know how to raise concerns about online safety.
- Make sure staff are aware of any restrictions placed on them with regards to the use of their mobile phone and cameras, for example that:
 - Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present
 - Staff will not take pictures or recordings of pupils on their personal phones or cameras
 - Make all pupils, parents/carers, staff, volunteers and governors aware that they are expected to sign an agreement regarding the acceptable use of the internet in school, use of the school's ICT systems and use of their mobile and smart technology
 - Explain the sanctions we will use if a pupil is in breach of our policies on the acceptable use of the internet and mobile phones
 - Make sure all staff, pupils and parents/carers are aware that staff have the power to search pupils' phones, as set out in the DfE's guidance on searching, screening and confiscation
 - Put in place robust filtering and monitoring systems to limit children's exposure to the 4 key categories of risk (described above) from the school's IT systems
 - Carry out an annual review of our approach to online safety, supported by an annual risk assessment that considers and reflects the risks faced by our school community
 - Provide regular safeguarding and children protection updates including online safety to all staff, at least annually, in order to continue to provide them with the relevant skills and knowledge to safeguard effectively
 - Review the child protection and safeguarding policy, including online safety, annually and ensure the procedures and implementation are updated and reviewed regularly

For comprehensive details about our school's policy on online safety and the use of mobile phones, please refer to our online safety policy and mobile phone policy.

11.2. Artificial intelligence (AI)

Generative artificial intelligence (AI) tools are now widespread and easy to access. Staff, pupils and parents/carers may be familiar with generative chatbots such as ChatGPT and Google Bard.

The OWN Trust recognises that AI has many uses, including enhancing teaching and learning, and in helping to protect and safeguard pupils. However, AI may also have the potential to facilitate abuse (e.g. bullying and grooming) and/or expose pupils to harmful content. For example, in the form of 'deepfakes', where AI is used to create images, audio or video hoaxes that look real.

The OWN Trust will treat any use of AI to access harmful content or bully pupils in line with this policy and our behaviour for learning policy.

Staff should be aware of the risks of using AI tools whilst they are still being developed and should carry out risk assessments for any new AI tool being used by the school.

12. Preventing unsuitable people from working with children

OWN Trust will operate safer recruitment practices including ensuring appropriate DBS and reference checks (renewed once every five years) are undertaken according to Part Three of 'Keeping Children Safe in Education', 2024. This section should be read in conjunction with the school's Safer Recruitment Policy.

The Local Governance Committee will ensure that at least one of the persons who conducts an interview has completed safer recruitment training **within the last three years**.

12.1. Allegations that may meet the harms threshold (Part Four, Section One)

Any allegation of abuse made against teachers (including supply staff, other staff, volunteers and contractors) that meets the harms threshold as set out in Keeping Children Safe in Education, 2024, Part Four, Section One, will be reported straight away to *the Head Teacher*

In cases where the Head Teacher is the subject of an allegation, it will be reported to the Chair of the Local Governance Committee and the Chief Executive Officer. The Trust will follow the procedures set out in Part Four of 'Keeping Children Safe in Education', 2024.

- The school will consult with the Local Authority Designated Officer (LADO) in the event of an allegation being made against a teacher, member of supply staff or other staff, volunteer or contractor and adhere to the relevant procedures set out in 'Keeping Children Safe in Education', 2024, Part Four and the school's HR Policies, and seek advice from their HR provide (EPM)r.
- The Headteacher will ensure that all allegations are reported to the LADO within one working day. The LADO will advise on all further action to be taken.

- Before contacting the LADO, schools and colleges should conduct basic enquiries in line with local procedures to establish the facts to help them determine whether there is any foundation to the allegation, being careful not to jeopardise any future police investigation. Schools and colleges will use the guidance chart found at Appendix E to support their decision-making.
- Where the school or college identify a child has been harmed, that there may be an immediate risk of harm to a child or if the situation is an emergency, they should contact children’s social care and as appropriate the police immediately.

The Trust will ensure that any disciplinary proceedings against staff, supply staff or volunteers relating to child protection matters are concluded in full even when the member of staff, supply staff or volunteer is no longer employed at the school and that notification of any concerns is made to the relevant authorities and professional bodies and included in references where applicable.

Staff (including supply staff and volunteers) who are the subject of an allegation have the right to have their case dealt with fairly, quickly, and consistently and to be kept informed of its progress. Suspension should not be an automatic response when an allegation is reported. However, in some cases, staff may be suspended where this is deemed to be the best way to ensure that children are protected.

12.2. Concerns that do not meet the harms threshold (Part Four, Section Two)

Low level concerns that do not meet the harms threshold should be reported to the Headteacher. The term low level does not mean that it is insignificant, it means that the behaviour towards a child does not meet the harms test.

In cases where the Head Teacher is the subject of an allegation, it will be reported to the Chair of the Local Governance Committee and the Trust Chief Executive Officer. The Trust will follow the procedures set out in Part Four, Section Two of ‘Keeping Children Safe in Education’, 2024.

The school will deal with any such concern, no matter how small, where an adult working in or on behalf of the school or college may have acted in a way that:

- is inconsistent with the staff code of conduct, including inappropriate conduct outside of work; and
- does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the LADO.

All low-level concerns should be recorded in writing. The record should include details of the concern, the context in which the concern arose, and action taken. The name of the individual sharing their concerns should also be noted, if the individual wishes to remain anonymous then that should be respected as far as reasonably possible. Written records must be kept confidential, held securely and comply with the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR). At OWN Trust, headteachers keep a hard copy of the record.

OWN Trust will promote an open and transparent culture in which all concerns about all adults working in or on behalf of the school or college (including supply teachers, volunteers and contractors) are dealt with promptly and appropriately. This will enable the school/college to identify concerning, problematic or inappropriate behaviour early; minimise the risk of abuse; and ensure that adults working in or on behalf of the school/college are clear about professional boundaries and act within these boundaries, and in accordance with the ethos and values of the institution.

Each school should ensure that **all** staff, including supply staff, volunteers and contractors, are aware of the need for maintaining appropriate and professional boundaries in their relationships with pupils and parents/carers as advised within the Code of Conduct. As part of the Induction process, all staff, including supply staff, volunteers and contractors, will receive guidance about how to create appropriate professional boundaries (both online and offline) with all children, especially those with a disability or who are vulnerable through their induction process and follow up training. Staff are encouraged to self-refer, where, for example, they have found themselves in a situation which could be misinterpreted, might appear compromising to others, and/or on reflection they believe they have behaved in such a way that they consider falls below the expected professional standards.

13. Notifying parents or carers

Where appropriate, we will discuss any concerns about a child with the child's parents or carers. The DSL will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents or carers about any such concerns following consultation with the DSL.

If we believe that notifying the parents or carers would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents or carers of all the children involved. We will think carefully about what information we provide about the other child involved, and when. We will work with the police and/or local authority children's social care to make sure our approach to information sharing is consistent.

The DSL will, along with any relevant agencies (this will be decided on a case-by-case basis):

- Meet with the victim's parents or carers, with the victim, to discuss what's being put in place to safeguard them, and understand their wishes in terms of what support they may need and how the report will be progressed
- Meet with the alleged perpetrator's parents or carers to discuss support for them, and what's being put in place that will impact them, e.g. moving them out of classes with the victim, and the reason(s) behind any decision(s)

14. Pupils with special educational needs, disabilities or health issues

We recognise that pupils with special educational needs (SEN) or disabilities or certain health conditions can face additional safeguarding challenges. Children with disabilities are more likely to be abused than their peers. Additional barriers can exist when recognising abuse, exploitation and neglect in this group, including:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration
- Pupils being more prone to peer group isolation or bullying (including prejudice-based bullying) than other pupils
- The potential for pupils with SEN, disabilities or certain health conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- Communication barriers and difficulties in managing or reporting these challenges
- Cognitive understanding – being unable to understand the difference between fact and fiction in online content and then repeating the content/behaviours in schools or colleges or the consequences of doing so

We offer extra pastoral support for these pupils. This includes a dedicated pastoral support team that works across the school, supporting individuals and groups as required. Some children have regular sessions with the team as part of their provision whilst others will be supported as required. Pastoral support plans are written and targets agreed for some children, and this is shared with the appropriate members of staff and parents/carers. All staff, including midday supervisors and wraparound care playworkers have regular safeguarding training which covers, in detail, the responsibility we all have to understand the increased risk to vulnerable children. Any abuse involving pupils with SEND will require close liaison with the DSL (or deputy) and the SENCO.

15. Complaints and concerns about school safeguarding policies

15.1. Complaints against staff

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff (see appendix F).

For more general complaints, please refer to the Complaints and Resolutions Policy which can be found on the trust website.

15.2. Whistle-blowing

For information on the trust's whistle-blowing policy, please visit the policy on the trust website.

Staff across the Trust are required to familiarise themselves with this document during their induction process. All staff must be aware of their duty to raise concerns about the attitude or actions of colleagues and report their concerns to the Headteacher/Chair of Governors/ Chair of Trustees.

16. Training

16.1. All staff

All staff members will undertake safeguarding and child protection training at induction, including on whistle-blowing procedures and online safety, to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse, exploitation or neglect.

This training will be regularly updated and will:

- Be integrated, aligned and considered as part of the whole-school safeguarding approach and wider staff training, and curriculum planning
- Be in line with advice from the 3 safeguarding partners
- Have regard to the Teachers' Standards to support the expectation that all teachers:
 - Manage behaviour effectively to ensure a good and safe environment
 - Have a clear understanding of the needs of all pupils

All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of becoming involved with or supporting terrorism and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates, including on online safety, as required but at least annually (for example, through emails, e-bulletins and staff meetings).

Volunteers will receive appropriate training, if applicable.

16.2. The DSL and [deputies]

The DSL and [deputies] will undertake child protection and safeguarding training at least every 2 years.

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments).

They, or any other designated Prevent lead, will also undertake more in-depth Prevent awareness training, including on extremist and terrorist ideologies.

16.3. Trustees and Local Governors

All trustees and local governors receive training about safeguarding and child protection (including online safety) at induction, which is regularly updated. This is to make sure that they:

- Have the knowledge and information needed to perform their functions and understand their responsibilities, such as providing strategic challenge.
- Can be assured that safeguarding policies and procedures are effective and support the school to deliver a robust whole-school approach to safeguarding

This will be updated annually.

As the chair of governors may be required to act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, they must attend training in managing allegations for this purpose. In the event of an allegation of abuse against the CEO, the Chair of Trustees must attend training and manage the case.

16.4. Recruitment – interview panels

At least one person conducting any interview for any post at the school will have undertaken safer recruitment training. This will cover, as a minimum, the contents of Keeping Children Safe in Education, and will be in line with local safeguarding procedures.

16.5. Lettings

If the Local Governance Committee provides extended school facilities or before or after school activities directly under the supervision or management of school staff, the school's arrangements for safeguarding as written in this policy shall apply.

Where services or activities are provided separately by another organisation or individual, either on or off school site, the Local Governance Committee will seek assurance that they have appropriate policies and procedures in place to keep children safe and there are arrangements to liaise with the school on these matters where appropriate.

The Local Governance Committee will use the guidance on 'Keeping Children Safe in out-of-school settings' which details the safeguarding arrangements that schools and colleges expect these providers to have in place.

17. Monitoring arrangements

This policy will be reviewed **annually**. At every review, it will be approved by the full board of trustees and the locally set sections then reviewed by the local governing board.

18. Links with other policies

This policy links to the following policies and procedures:

- Behaviour for learning
- Code of conduct for staff
- Complaints and resolutions
- Health and safety
- Attendance
- Online safety
- Mobile phone use
- Equality and diversity
- Relationships and sex education
- First aid
- Curriculum
- Privacy notices
- Whistle-blowing
- ICT and acceptable use

19. Appendices

19.1. Appendix A: Categories of abuse

Abuse, including neglect, and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap.

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Emotional abuse may involve:

- Conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person
- Not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate
- Age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction
- Seeing or hearing the ill-treatment of another
- Serious bullying (including cyber-bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve:

- Physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing
- Non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet)

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision (including the use of inadequate care-givers)
- Ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

- [The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- [The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children
- Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children
- [Statutory guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism
- [The Human Rights Act 1998](#), which explains that being subjected to harassment, violence and/or abuse, including that of a sexual nature, may breach any or all of the rights which apply to individuals under the [European Convention on Human Rights](#) (ECHR)
- [The Equality Act 2010](#), which makes it unlawful to discriminate against people regarding particular protected characteristics (including disability, sex, sexual orientation, gender reassignment and race). This means our governors and headteacher should carefully consider how they are supporting their pupils with regard to these characteristics. The Act allows our school to take positive action to deal with particular disadvantages affecting pupils (where we can show it's proportionate). This includes making reasonable adjustments for disabled pupils. For example, it could include taking positive action to support girls where there's evidence that they're being disproportionately subjected to sexual violence or harassment
- [The Public Sector Equality Duty \(PSED\)](#), which explains that we must have due regard to eliminating unlawful discrimination, harassment and victimisation. The PSED helps us to

focus on key issues of concern and how to improve pupil outcomes. Some pupils may be more at risk of harm from issues such as sexual violence; homophobic, biphobic or transphobic bullying; or racial discrimination

- The [Childcare \(Disqualification\) and Childcare \(Early Years Provision Free of Charge\) \(Extended Entitlement\) \(Amendment\) Regulations 2018](#) (referred to in this policy as the “2018 Childcare Disqualification Regulations”) and [Childcare Act 2006](#), which set out who is disqualified from working with children
- This policy also meets requirements relating to safeguarding and welfare in the [statutory framework for the Early Years Foundation Stage](#)

19.3. Appendix C: Individual School Details

Name of School:

Name of School

Trained and designated personnel

The Designated Safeguarding Lead is:

Name of DSL

The following members of staff have also received the Designated Safeguarding Lead training:

Name of staff

The nominated governor for Safeguarding and Child Protection is:

Name of Governor

The following member of staff is the Prevent Lead and has undertaken Prevent Lead training:

Name of Prevent Lead

The following members of staff have undertaken Safer Recruitment training:

Name of Staff

Arrangements for ensuring staff are available at all times:

At **Name of School** we have **Number** trained safeguarding leads. In the very unlikely event that none of these trained members of staff are on site, they will receive the automatic emails from MyConcern as soon as a concern is recorded and at least one will be available to contact via their mobile phones. These numbers are included in the staff handbook and are also on Scholarpack.

19.4. Appendix D: Safer recruitment and DBS checks – policy and procedures

Recruitment and selection process

To make sure we recruit suitable people, we will ensure that those involved in the recruitment and employment of staff to work with children have received appropriate safer recruitment training. We have put the following steps in place during our recruitment and selection process to ensure we are committed to safeguarding and promoting the welfare of children.

Job description and person specification

All posts across the Trust require an enhanced DBS Disclosure and this will be reflected in the job description and person specification relating to each post.

Advertising

When advertising roles, we will make clear:

- Our trust's commitment to safeguarding and promoting the welfare of children
- That safeguarding checks will be undertaken
- The safeguarding requirements and responsibilities of the role, such as the extent to which the role will involve contact with children
- Whether or not the role is exempt from the Rehabilitation of Offenders Act 1974 and the amendments to the Exceptions Order 1975, 2013 and 2020. If the role is exempt, certain spent convictions and cautions are 'protected', so they do not need to be disclosed, and if they are disclosed, we cannot take them into account

Application forms

Our online application forms will:

- Include a statement saying that it is an offence to apply for the role if an applicant is barred from engaging in regulated activity relevant to children (where the role involves this type of regulated activity)
- Include a copy of, or link to, our child protection and safeguarding policy and our policy on the employment of ex-offenders
- Identify any gaps in employment and the reason for these

Shortlisting

Our shortlisting process will involve at least 2 people and will:

- Consider any inconsistencies and look for gaps in employment and reasons given for them
- Explore all potential concerns

Once we have shortlisted candidates, we will ask shortlisted candidates to:

- Complete a self-declaration of their criminal record or any information that would make them unsuitable to work with children, so that they have the opportunity to share relevant information and discuss it at interview stage. The information we will ask for includes:
 - If they have a criminal history
 - Whether they are included on the barred list
 - Whether they are prohibited from teaching
 - Information about any criminal offences committed in any country in line with the law as applicable in England and Wales
 - Any relevant overseas information
- Sign a declaration confirming the information they have provided is true

We will also consider carrying out an online search on shortlisted candidates to help identify any incidents or issues that are publicly available online. Shortlisted candidates will be informed that we may carry out these checks as part of our due diligence process.

Seeking references and checking employment history

We will obtain references before interview, wherever permission is given to do this. Any concerns raised will be explored further with referees and taken up with the candidate at interview.

When seeking references, we will:

- Not accept open references
- Liaise directly with referees and verify any information contained within references with the referees
- Ensure any references are from the candidate's current employer and completed by a senior person. Where the referee is school based, we will ask for the reference to be confirmed by the headteacher/principal as accurate in respect to disciplinary investigations
- Obtain verification of the candidate's most recent relevant period of employment if they are not currently employed
- Secure a reference from the relevant employer from the last time the candidate worked with children if they are not currently working with children
- Compare the information on the application form with that in the reference and take up any inconsistencies with the candidate
- Resolve any concerns before any appointment is confirmed

Interview and selection

When interviewing candidates, we will:

- Probe any gaps in employment, or where the candidate has changed employment or location frequently, and ask candidates to explain this
- Explore any potential areas of concern to determine the candidate's suitability to work with children
- Record all information considered and decisions made

Pre-appointment vetting checks

We will record all information on the checks carried out in the school's single central record (SCR). Copies of these checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

New staff

All offers of appointment will be conditional until satisfactory completion of the necessary pre-employment checks. When appointing new staff, we will:

- Verify their identity
- Obtain (via the applicant) an enhanced DBS certificate, including barred list information for those who will be engaging in regulated activity (see definition below). We will obtain the certificate before, or as soon as practicable after, appointment, including when using the DBS update service. We will not keep a copy of the certificate for longer than 6 months, but when the copy is destroyed, we may still keep a record of the fact that vetting took place, the result of the check and recruitment decision taken
- Obtain a separate barred list check if they will start work in regulated activity before the DBS certificate is available
- Verify their mental and physical fitness to carry out their work responsibilities
- Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards
- Verify their professional qualifications, as appropriate
- Ensure they are not subject to a prohibition order if they are employed to be a teacher
- Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK. These could include, where available:
 - For all staff, including teaching positions: criminal records checks for overseas applicants
 - For teaching positions: obtaining a letter from the professional regulating authority in the country where the applicant has worked, confirming that they have not imposed any sanctions or restrictions on that person, and/or are aware of any reason why that person may be unsuitable to teach
- Check that candidates taking up a management position are not subject to a prohibition from management (section 128) direction made by the secretary of state. Management positions are most likely to include, but are not limited to, headteachers, principals and deputy/assistant headteachers.
- We will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we take a decision that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment on the individual's personnel file. This will include our evaluation of any risks and control measures put in place, and any advice sought.

Regulated activity

This means a person who will be:

- Responsible, on a regular basis in a school or college, for teaching, training, instructing, caring for or supervising children; or
- Carrying out paid, or unsupervised unpaid, work regularly in a school or college where that work provides an opportunity for contact with children; or
- Engaging in intimate or personal care or overnight activity, even if this happens only once and regardless of whether they are supervised or not

Existing staff

In certain circumstances we will carry out further relevant checks on existing staff as if the individual was a new member of staff. These circumstances are when:

- There are concerns about an existing member of staff's suitability to work with children; or
- An individual moves from a post that is not regulated activity to one that is; or
- There has been a break in service of 12 weeks or more

We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult where:

- We believe the individual has engaged in relevant conduct; or
- We believe the individual has received a caution or conviction for a relevant (automatic barring either with or without the right to make representations) offence, under the Safeguarding Vulnerable Groups Act 2006 (Prescribed Criteria and Miscellaneous Provisions) Regulations 2009; or
- We believe the 'harm test' is satisfied in respect of the individual (i.e. they may harm a child or vulnerable adult or put them at risk of harm); and
- The individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

Agency and third-party staff

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

Contractors

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check (this includes contractors who are provided through a PFI or similar contract). This will be:

- An enhanced DBS check with barred list information for contractors engaging in regulated activity
- An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children

We will obtain the DBS check for self-employed contractors.

We will not keep copies of such checks for longer than 6 months.

Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.

We will check the identity of all contractors and their staff on arrival at the school.

For self-employed contractors such as music teachers or sports coaches, we will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we decide that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought.

Trainee/student teachers

Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out.

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

In both cases, this includes checks to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006.

Volunteers

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity

- Carry out a risk assessment when deciding whether to seek an enhanced DBS check without barred list information for any volunteers not engaging in regulated activity. We will retain a record of this risk assessment
- Ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we decide that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought

Trustees, members and local governors

All trustees, local governors and members will have an enhanced DBS check without barred list information.

They will have an enhanced DBS check with barred list information if working in regulated activity.

The chair of the board will have their DBS check countersigned by the secretary of state.

All proprietors, trustees, local governors and members will also have the following checks:

- Identity
- Right to work in the UK
- Other checks deemed necessary if they have lived or worked outside the UK
- Section 128 check

Staff working in alternative provision settings

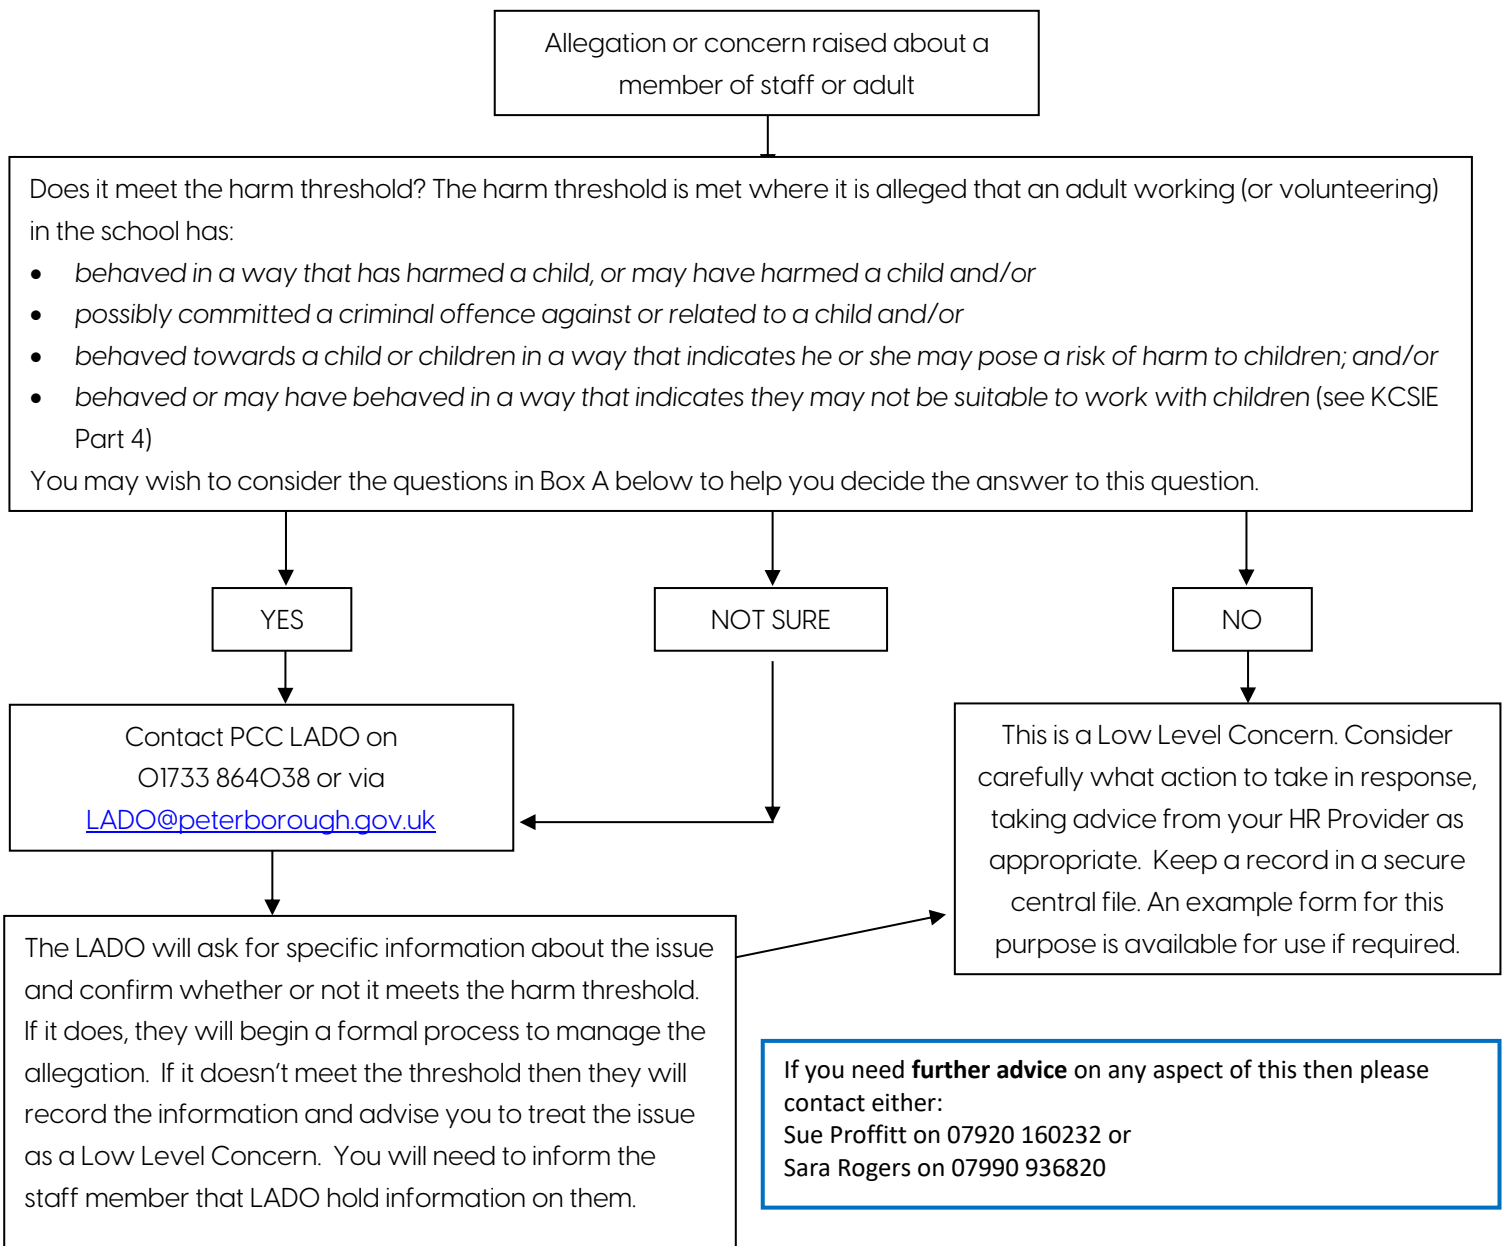

Where we place a pupil with an alternative provision provider, we obtain written confirmation from the provider that they have carried out the appropriate safeguarding checks on individuals working there that we would otherwise perform.

Adults who supervise pupils on work experience

When organising work experience, we will ensure that policies and procedures are in place to protect children from harm.

We will also consider whether it is necessary for barred list checks to be carried out on the individuals who supervise a pupil under 16 on work experience. This will depend on the specific circumstances of the work experience, including the nature of the supervision, the frequency of the activity being supervised, and whether the work is regulated activity.

19.5. Appendix E: Dealing with Allegations or Concerns about an Adult Working with Children

Box A:

- How long has the adult or member of staff worked for you?
- Have there been any previous concerns raised?
- Is this a one-off or part of a pattern of behaviour?
- Has the member of staff previously been given advice in this area?
- Would an associated pattern of behaviour (if it exists) be seen by others? (How closely do they work with other colleagues?)
- Might this have been a planned action or event?
- Could this behaviour be inadvertent? What is the likelihood of this?
- Could this be the precursor to more concerning behaviour?
- Did it occur in a 'public' or 'private' place? Was this in school or out of school?
- If electronic devices are involved, have any relevant files been deleted and is there any evidence of this?
- If this relates to inappropriate language, what is the precise nature of the language used? How inappropriate is it? What was the context – where was this, and who were the listeners? Could this be seen as 'banter' or might it have more serious undertones?

19.6. Appendix F: allegations made against staff (including low-level concerns)

Section 1: allegations that may meet the harms threshold

This section applies to all cases in which it is alleged that a current member of staff, including a supply teacher, volunteer or contractor, has:

- Behaved in a way that has harmed a child, or may have harmed a child, and/or
- Possibly committed a criminal offence against or related to a child, and/or
- Behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children, and/or
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children – this includes behaviour taking place both inside and outside of school

If we're in any doubt as to whether a concern meets the harm threshold, we will consult our local authority designated officer (LADO).

We will deal with any allegation of abuse quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

A 'case manager' will lead any investigation. This will be the headteacher, or the chair of governors where the headteacher is the subject of the allegation. The case manager will be identified at the earliest opportunity.

Our procedures for dealing with allegations will be applied with common sense and judgement.

If we receive an allegation of an incident happening while an individual or organisation was using the school premises to run activities for children, we will follow our safeguarding policies and procedures and inform our LADO.

Suspension of the accused until the case is resolved

Suspension of the accused will not be the default position and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that there might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

- Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- Providing an assistant to be present when the individual has contact with children
- Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment, and parents/carers have been consulted
- Temporarily redeploying the individual to another role in a different location, for example to an alternative school or other work for the trust.

If in doubt, the case manager will seek views from the school's personnel adviser and the designated officer at the local authority, as well as the police and children's social care where they have been involved.

Definitions for outcomes of allegation investigations

- **Substantiated:** there is sufficient evidence to prove the allegation
- **Malicious:** there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive, or to cause harm to the subject of the allegation
- **False:** there is sufficient evidence to disprove the allegation
- **Unsubstantiated:** there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)
- **Unfounded:** to reflect cases where there is no evidence or proper basis which supports the allegation being made

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the case manager will take the following steps:

- Conduct basic enquiries in line with local procedures to establish the facts to help determine whether there is any foundation to the allegation before carrying on with the steps below
- Discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children's social care services. (The case manager may, on occasion, consider it necessary to involve the police before consulting the designated officer – for example, if the

accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)

- Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children's social care services, where necessary). Where the police and/or children's social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies
- Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children's social care services, as appropriate
- Where the case manager is concerned about the welfare of other children in the community or the individual's family, they will discuss these concerns with the DSL and make a risk assessment of the situation. If necessary, the DSL may make a referral to children's social care
- **If immediate suspension is considered necessary**, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details
- **If it is decided that no further action is to be taken** in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation
- **If it is decided that further action is needed**, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children's social care services as appropriate
- Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and considering what other support is appropriate. Consider what other support is appropriate for example a trade union representative, school counsellor, support from their G.P
- Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children's social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are

ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice

- Keep the parents or carers of the child/children involved informed of the progress of the case (only in relation to their child – no information will be shared regarding the staff member)
- Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child
- If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teaching Regulation Agency.
- Where the police are involved, wherever possible the school will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

Additional considerations for supply teachers and all contracted staff

If there are concerns or an allegation is made against someone not directly employed by the school, such as a supply teacher or contracted staff member provided by an agency, we will take the actions below in addition to our standard procedures.

- We will not decide to stop using an individual due to safeguarding concerns without finding out the facts and liaising with our LADO to determine a suitable outcome
- The governing board will discuss with the agency whether it is appropriate to suspend the individual, or redeploy them to another part of the school, while the school carries out the investigation
- We will involve the agency fully, but the school will take the lead in collecting the necessary information and providing it to the LADO as required
- We will address issues such as information sharing, to ensure any previous concerns or allegations known to the agency are taken into account (we will do this, for example, as part of the allegations management meeting or by liaising directly with the agency where necessary)

When using an agency, we will inform them of our process for managing allegations, and keep them updated about our policies as necessary, and will invite the agency's HR manager or equivalent to meetings as appropriate.

Timescales

We will deal with all allegations as quickly and effectively as possible and will endeavor to comply with the following timescales, where reasonably practicable:

- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious should be resolved within 1 week
- If the nature of an allegation does not require formal disciplinary action, appropriate action should be taken within 3 working days
- If a disciplinary hearing is required and can be held without further investigation, this should be held within 15 working days

However, these are objectives only and where they are not met, we will endeavor to take the required action as soon as possible thereafter.

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the school will make a referral to the DBS for consideration of whether inclusion on the barred lists is required.

If the individual concerned is a member of teaching staff, the school will consider whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated, unfounded, false or malicious reports

If a report is:

- Determined to be unsubstantiated, unfounded, false or malicious, the DSL will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate

- Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it

Unsubstantiated, unfounded, false or malicious allegations

If an allegation is:

- Determined to be unsubstantiated, unfounded, false or malicious, the LADO and case manager will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate
- Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it

Confidentiality and information sharing

The trust school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the LADO, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case.

The records of any allegation that, following an investigation, is found to be malicious or false will be deleted from the individual's personnel file (unless the individual consents for the records to be retained on the file).

For all other allegations (which are not found to be malicious or false), the following information will be kept on the file of the individual concerned:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved

- Notes of any action taken, decisions reached and the outcome
- A declaration on whether the information will be referred to in any future reference

In these cases, the school will provide a copy to the individual, in agreement with children's social care or the police as appropriate.

Where records contain information about allegations of sexual abuse, we will preserve these for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry. We will retain all other records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

References

When providing employer references, we will:

- Not refer to any allegation that has been found to be false, unfounded, unsubstantiated or malicious, or any repeated allegations which have all been found to be false, unfounded, unsubstantiated or malicious
- Include substantiated allegations, provided that the information is factual and does not include opinions

Learning lessons

After any cases where the allegations are *substantiated*, the case manager will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

For all other cases, the case manager will consider the facts and determine whether any improvements can be made.

Non-recent allegations

Abuse can be reported, no matter how long ago it happened.

We will report any non-recent allegations made by a child to the LADO in line with our local authority's procedures for dealing with non-recent allegations.

Where an adult makes an allegation to the school that they were abused as a child, we will advise the individual to report the allegation to the police.

Section 2: concerns that do not meet the harm threshold

This section applies to all concerns (including allegations) about members of staff, including supply teachers, volunteers and contractors, which do not meet the harm threshold set out in section 1 above.

Concerns may arise through, for example:

- Suspicion
- Complaint
- Safeguarding concern or allegation from another member of staff
- Disclosure made by a child, parent or other adult within or outside the school
- Pre-employment vetting checks

We recognise the importance of responding to and dealing with any concerns in a timely manner to safeguard the welfare of children.

Definition of low-level concerns

The term 'low-level' concern is any concern – no matter how small – that an adult working in or on behalf of the school may have acted in a way that:

- Is inconsistent with the staff code of conduct, including inappropriate conduct outside of work, **and**
- Does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the designated officer at the local authority

Examples of such behaviour could include, but are not limited to:

- Being overly friendly with children
- Having favourites
- Taking photographs of children on their mobile phone
- Engaging with a child on a one-to-one basis in a secluded area or behind a closed door
- Humiliating pupils

Sharing low-level concerns

We recognise the importance of creating a culture of openness, trust and transparency to encourage all staff to confidentially share low-level concerns so that they can be addressed appropriately.

We will create this culture by:

- Ensuring staff are clear about what appropriate behaviour is, and are confident in distinguishing expected and appropriate behaviour from concerning, problematic or inappropriate behaviour, in themselves and others
- Empowering staff to share any low-level concerns as per section 7.7 of this policy
- Empowering staff to self-refer
- Addressing unprofessional behaviour and supporting the individual to correct it at an early stage
- Providing a responsive, sensitive and proportionate handling of such concerns when they are raised
- Helping to identify any weakness in the school's safeguarding system

Responding to low-level concerns

If the concern is raised via a third party, the headteacher will collect evidence where necessary by speaking:

- Directly to the person who raised the concern, unless it has been raised anonymously
- To the individual involved and any witnesses

The headteacher will use the information collected to categorise the type of behaviour and determine any further action, in line with the school's staff code of conduct. The headteacher will be the ultimate decision-maker in respect of all low-level concerns, though they may wish to collaborate with the DSL.

Record keeping

All low-level concerns will be recorded in writing. In addition to details of the concern raised, records will include the context in which the concern arose, any action taken and the rationale for decisions and action taken.

The Headteacher keeps a secure record of all low level concerns shared with him. Any concerns about the Headteacher should be reported to the Local Chair of Governors, Kirsty Cleworth.

Records will be:

- Kept confidential, held securely and comply with the DPA 2018 and UK GDPR
- Reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified. Where a pattern of such behaviour is identified, we will decide on a course of action, either through our disciplinary procedures or, where a pattern of behaviour moves from a concern to meeting the harms threshold as described in section 1 of this appendix, we will refer it to the designated officer at the local authority
- Retained at least until the individual leaves employment at the school

Where a low-level concern relates to a supply teacher or contractor, we will notify the individual's employer, so any potential patterns of inappropriate behaviour can be identified.

References

We will not include low-level concerns in references unless:

- The concern (or group of concerns) has met the threshold for referral to the designated officer at the local authority and is found to be substantiated; and/or
- The concern (or group of concerns) relates to issues which would ordinarily be included in a reference, such as misconduct or poor performance

19.7. Appendix G: Specific safeguarding issues

This appendix also includes information on further issues to be aware of, including child abduction and community safety incidents, children's involvement in the court system, children with family members in prison, county lines, modern slavery and cybercrime. It sets out:

- An explanation of what the issue is and how your school approaches it (e.g. any preventative measures in place, training you provide for staff)
- What staff should be aware of and actions they should take
- How your school works with external agencies, where relevant

Assessing adult-involved nude and semi-nude sharing incidents

This section is based on Annex A of the UK Council of Internet Safety's [advice for education settings](#).

All adult-involved nude and semi-nude image sharing incidents are child sexual abuse offences and must immediately be referred to police/social care. However, as adult-involved incidents can present as child-on-child nude/semi-nude sharing, it may be difficult to initially assess adult involvement.

There are two types of common adult-involved incidents: sexually motivated incidents and financially motivated incidents.

Sexually motivated incidents

In this type of incident, an adult offender obtains nude and semi-nudes directly from children and young people using online platforms.

To make initial contact, the offender may present as themselves or use a false identity on the platform, sometimes posing as a child or young person to encourage a response and build trust. The offender often grooms the child or young person on social media, in chat rooms or on gaming platforms and may then move the conversation to a private messaging app or an end-to-end encrypted (E2EE) environment where a request for a nude or semi-nude is made. To encourage the child or young person to create and share nude or semi-nude, the offender may share pornography or child sexual abuse material (images of other young people), including AI-generated material.

Once a child or young person shares a nude or semi-nude, an offender may blackmail the child or young person into sending more images by threatening to release them online and/or send them to friends and family.

Potential signs of adult-involved grooming and coercion can include the child or young person being:

- Contacted by an online account that they do not know but appears to be another child or young person
- Quickly engaged in sexually explicit communications which may include the offender sharing unsolicited images
- Moved from a public to a private/E2EE platform
- Coerced/pressured into doing sexual things, including creating nudes and semi-nudes
- Offered something of value such as money or gaming credits
- Moved from a public to a private/E2EE platform
- Threatened or blackmailed into carrying out further sexual activity. This may follow the child or young person initially sharing the image or the offender sharing a digitally manipulated image of the child or young person to extort 'real' images

Financially motivated incidents

Financially motivated sexual extortion (often known as 'sextortion') is an adult-involved incident in which an adult offender (or offenders) threatens to release nudes or semi-nudes of a child or young person unless they pay money or do something else to benefit them. Throughout 2022 and 2023, there has been a considerable increase in reporting of these incidents.

Unlike other adult-involved incidents, financially motivated sexual extortion is usually carried out by offenders working in sophisticated, organised crime groups (OCGs) overseas and are only motivated by profit. Adults are usually targeted by these groups too.

Offenders will often use a false identity, sometimes posing as a child or young person, or hack another young person's account to make initial contact. To financially blackmail the child or young person, they may:

- Groom or coerce the child or young person into sending nudes or semi-nudes and financially blackmail them
- Use images that have been stolen from the child or young person taken through hacking their account
- Use digitally manipulated images, including AI-generated images, of the child or young person

The offender may demand payment or the use of the victim's bank account for the purposes of money laundering.

Potential signs of adult-involved financially motivated sexual extortion can include the child or young person being:

- Contacted by an online account that they do not know but appears to be another child or young person. They may be contacted by a hacked account of a child or young person
- Quickly engaged in sexually explicit communications which may include the offender sharing an image first
- Moved from a public to a private/E2EE platform
- Pressured into taking nudes or semi-nudes
- Told they have been hacked and they have access to their images, personal information and contacts
- Blackmailed into sending money or sharing bank account details after sharing an image or the offender sharing hacked or digitally manipulated images of the child or young person

Children missing from education

OWN Trust recognises that children who are absent from education, particularly repeatedly, can act as a warning sign of a range of safeguarding possibilities including abuse, neglect, child sexual exploitation and child criminal exploitation, modern slavery, mental health problems, risk of substance abuse, risk of travelling to conflict zones, and risk of FGM or forced marriage.

Children most at risk of being absent from education include those who:

- Are at risk of harm or neglect
- Are at risk of forced marriage or FGM
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who are absent from education, particularly on repeat occasions, to help identify the risk of abuse, exploitation and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is suffering or likely to suffer from harm, or in immediate danger.

Children at Risk of Criminal Exploitation

Child criminal exploitation (CCE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into criminal activity. It may involve an exchange for something the victim needs or wants, and/or for the financial or other advantage of the perpetrator or facilitator, and/or through violence or the threat of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. It does not always involve physical contact and can happen online. For example, young people may be forced to work in cannabis factories, coerced into moving drugs or money across the country (county lines), forced to shoplift or pickpocket, or to threaten other young people.

The Designated Safeguarding Lead will complete Safeguarding Children Partnership Board's [Exploitation Risk Assessment and Management Tool](#) and refer to Social Care if there is a concern that a young person may be at risk of criminal exploitation.

Indicators of CCE can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Suffering from changes in emotional wellbeing
- Misusing drugs and alcohol
- Going missing for periods of time or regularly coming home late
- Regularly missing school or education
- Not taking part in education

If a member of staff suspects CCE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Child sexual exploitation

Child sexual exploitation (CSE) is a form of child sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity. It may involve an exchange for something the victim needs or wants and/or for the financial advantage or increased status of the perpetrator or facilitator. It may, or may not, be accompanied by violence or threats of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. Children or young people who are being sexually exploited may not understand that they are being

abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

CSE can include both physical contact (penetrative and non-penetrative acts) and non-contact sexual activity. It can also happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam. CSE may also occur without the victim's immediate knowledge, for example through others copying videos or images.

The Designated Safeguarding Lead will complete the Safeguarding Children Partnership Board's [Contextual Risk Screening Tool](#) and refer to Children's Social Care if there is a concern that a young person may be at risk of CSE.

In addition to the CCE indicators above, indicators of CSE can include a child:

- Having an older boyfriend or girlfriend
- Suffering from sexually transmitted infections or becoming pregnant

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Child-on-child abuse

Child-on-child abuse is when children abuse other children. This type of abuse can take place inside and outside of school. It can also take place both face-to-face and online and can occur simultaneously between the 2.

Our trust has a zero-tolerance approach to sexual violence and sexual harassment. We recognise that even if there are no reports, that doesn't mean that this kind of abuse isn't happening.

Child-on-child abuse is most likely to include, but may not be limited to:

- Bullying (including cyber-bullying, prejudice-based and discriminatory bullying)
- Abuse in intimate personal relationships between children (this is sometimes known as 'teenage relationship abuse')
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse)
- Sexual violence, such as rape, assault by penetration and sexual assault (this may include an online element which facilitates, threatens and/or encourages sexual violence)

- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse
- Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- Consensual and non-consensual sharing of nude and semi-nude images and/or videos (also known as sexting or youth produced sexual imagery)
- Upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
- Initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element)

Where children abuse their peers online, this can take the form of, for example, abusive, harassing, and misogynistic messages; the non-consensual sharing of indecent images, especially around chat groups; and the sharing of abusive images and pornography, to those who don't want to receive such content.

If staff have any concerns about child-on-child abuse, or a child makes a report to them, they will follow the procedures set out in section 7 of this policy, as appropriate.

When considering instances of harmful sexual behaviour between children, we will consider their ages and stages of development. We recognise that children displaying harmful sexual behaviour have often experienced their own abuse and trauma and will offer them appropriate support.

Domestic abuse

Children can witness and be adversely affected by domestic abuse and/or violence at home where it occurs between family members. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Types of domestic abuse include intimate partner violence, abuse by family members, teenage relationship abuse (abuse in intimate personal relationships between children) and child/adolescent to parent violence and abuse. It can be physical, sexual, financial, psychological or emotional. It can also include ill treatment that isn't physical, as well as witnessing the ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse, including where they see, hear or experience its effects.

Anyone can be a victim of domestic abuse, regardless of gender, age, ethnicity, socioeconomic status, sexuality or background, and domestic abuse can take place inside or outside of the home. Children who witness domestic abuse are also victims.

Exposure to domestic abuse and/or violence can have a serious, long-lasting emotional and psychological impact on children and affect their health, wellbeing, development and ability to learn.

If police are called to an incident of domestic abuse and any children in the household have experienced the incident, the police will inform the key adult in school (usually the designated safeguarding lead) before the child or children arrive at school the following day. This is the procedure where police forces are part of [Operation Encompass](#).

The DSL will provide support according to the child's needs and update records about their circumstances.

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare.

The DSL [and deputies] will be aware of contact details and referral routes into the local housing authority so they can raise/progress concerns at the earliest opportunity (where appropriate and in accordance with local procedures).

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children's social care.

So-called 'honour-based' abuse (including FGM and forced marriage)

So-called 'honour-based' abuse (HBA) encompasses incidents or crimes committed to protect or defend the honour of the family and/or community, including FGM, forced marriage, and practices such as breast ironing.

Abuse committed in this context often involves a wider network of family or community pressure and can include multiple perpetrators.

All forms of HBA are abuse and will be handled and escalated as such. All staff will be alert to the possibility of a child being at risk of HBA or already having suffered it. If staff have a concern, they will speak to the DSL, who will activate local safeguarding procedures.

FGM

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Section 7 of this policy sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out
- A family/pupil already being known to social services in relation to other safeguarding issues

A girl:

- Having difficulty walking, sitting or standing, or looking uncomfortable
- Finding it hard to sit still for long periods of time (where this was not a problem previously)
- Spending longer than normal in the bathroom or toilet due to difficulties urinating
- Having frequent urinary, menstrual or stomach problems
- Avoiding physical exercise or missing PE
- Being repeatedly absent from school, or absent for a prolonged period
- Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
- Being reluctant to undergo any medical examinations
- Asking for help, but not being explicit about the problem
- Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out
- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues

A girl:

- Having a mother, older sibling or cousin who has undergone FGM
- Having limited level of integration within UK society

- Confiding to a professional that she is to have a “special procedure” or to attend a special occasion to “become a woman”
- Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents/carers stating that they or a relative will take the girl out of the country for a prolonged period
- Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
- Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
- Being unexpectedly absent from school
- Having sections missing from her ‘red book’ (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

Preventing radicalisation

Radicalisation refers to the process of a person legitimising support for, or use of, terrorist violence.

Extremism is the promotion or advancement of an ideology based on violence, hatred or intolerance, that aims to:

- Negate or destroy the fundamental rights and freedoms of others; or
- Undermine, overturn or replace the UK’s system of liberal parliamentary democracy and democratic rights; or
- Intentionally create a permissive environment for others to achieve the results outlined in either of the above points

Terrorism is an action that:

- Endangers or causes serious violence to a person/people;
- Causes serious damage to property; or
- Seriously interferes or disrupts an electronic system

The use or threat of terrorism must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

Schools have a duty to prevent children from being drawn into terrorism. The DSL, or designated Prevent Lead, will undertake in-depth Prevent awareness training, including on extremist and terrorist ideologies. They will make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in our school from becoming involved with or supporting terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local police force.

We will ensure that suitable internet filtering is in place and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to radicalisation into terrorism. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils' behaviour.

The government website [Educate Against Hate](#) and charity [NSPCC](#) say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in section of this policy, including discussing their concerns with the DSL.

Staff should **always** take action if they are worried.

Further information on the school's measures to prevent radicalisation are set out in other school policies and procedures, including curriculum policy, behaviour for learning policy and online safety policy.

Sexual violence and sexual harassment between children in schools

Sexual violence and sexual harassment can occur:

- Between 2 children of any age and sex
- Through a group of children sexually assaulting or sexually harassing a single child or group of children
- Online and face to face (both physically and verbally)

Sexual violence and sexual harassment exist on a continuum and may overlap.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment and will be exacerbated if the alleged perpetrator(s) attends the same school.

If a victim reports an incident, it is essential that staff make sure they are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting any form of abuse or neglect. Nor should a victim ever be made to feel ashamed for making a report.

When supporting victims, staff will:

- Reassure victims that the law on child-on-child abuse is there to protect them, not criminalise them
- Regularly review decisions and actions, and update policies with lessons learnt
- Look out for potential patterns of concerning, problematic or inappropriate behaviour, and decide on a course of action where we identify any patterns
- Consider if there are wider cultural issues within the school that enabled inappropriate behaviour to occur and whether revising policies and/or providing extra staff training could minimise the risk of it happening again
- Remain alert to the possible challenges of detecting signs that a child has experienced sexual violence, and show sensitivity to their needs

Some groups are potentially more at risk. Evidence shows that girls, children with SEN and/or disabilities, and lesbian, gay, bisexual and transgender (LGBT) children are at greater risk.

Staff should be aware of the importance of:

- Challenging inappropriate behaviours
- Making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up

- Challenging physical behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, pulling down trousers, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them

If staff have any concerns about sexual violence or sexual harassment, or a child makes a report to them, they will follow the procedures set out in section 7 of this policy, as appropriate.

Serious violence

Indicators which may signal that a child is at risk from, or involved with, serious violent crime may include:

- Increased absence from school
- Change in friendships or relationships with older individuals or groups
- Significant decline in performance
- Signs of self-harm or a significant change in wellbeing
- Signs of assault or unexplained injuries
- Unexplained gifts or new possessions (this could indicate that the child has been approached by, or is involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation (see above))

Risk factors which increase the likelihood of involvement in serious violence include:

- Being male
- Having been frequently absent or permanently excluded from school
- Having experienced child maltreatment
- Having been involved in offending, such as theft or robbery

Staff will be aware of these indicators and risk factors. If a member of staff has a concern about a pupil being involved in, or at risk of, serious violence, they will report this to the DSL.

Children Misusing Drugs or Alcohol

The discovery that a young person is misusing legal or illegal substances or reported evidence of their substance misuse is not necessarily sufficient in itself to initiate child protection proceedings but the school will consider such action in the following situations:

When there is evidence or reasonable cause:

- To believe the young person's substance misuse may cause him or her to be vulnerable to other abuse such as sexual abuse;
- To believe the pupil's substance related behaviour is a result of abuse or because of pressure or incentives from others, particularly adults;
- Where the misuse is suspected of being linked to parent/carer substance misuse.

- Where the misuse indicates an urgent health or safeguarding concern
- Where the child is perceived to be at risk of harm through any substance associated criminality

Children Living with Substance Misusing Parents/Carers

Misuse of drugs and/or alcohol is strongly associated with Significant Harm to children, especially when combined with other features such as domestic violence. When a school receives information about drug and alcohol abuse by a child's parents/carers or other party, they will follow appropriate procedures.

This is particularly important if the following factors are present:

- Use of the family resources to finance the parent's dependency, characterised by inadequate food, heat and clothing for the children
- Children exposed to unsuitable caregivers or visitors, e.g. customers or dealers
- The effects of alcohol leading to an inappropriate display of sexual and/or aggressive behaviour
- Chaotic drug and alcohol use leading to emotional unavailability, irrational behaviour and reduced parental vigilance
- Disturbed moods as a result of withdrawal symptoms or dependency
- Unsafe storage of drugs and/or alcohol or injecting equipment
- Drugs and/or alcohol having an adverse impact on the growth and development of the unborn child

Children who have returned home to their family from care

OWN Trust recognises that a previously looked after child potentially remains vulnerable. Schools will vigilantly monitor the welfare of previously looked after children, keep records and notify Social Care as soon as there is a recurrence of a concern in accordance with the Cambridgeshire and Peterborough Safeguarding Children Partnership Board 'Multi - Agency Procedures.'

Pupils with a social worker

Pupils may need a social worker due to safeguarding or welfare needs. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.

The DSL and all members of staff will work with and support social workers to help protect vulnerable children.

Where we are aware that a pupil has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the pupil's safety, welfare and educational outcomes. For example, it will inform decisions about:

- Responding to unauthorised absence or missing education where there are known safeguarding risks
- The provision of pastoral and/or academic support

Looked-after and previously looked-after children

We will ensure that staff have the skills, knowledge and understanding to keep looked-after children and previously looked-after children safe. In particular, we will ensure that:

- Appropriate staff have relevant information about children's looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements
- The DSL has details of children's social workers and relevant virtual school heads

We have appointed a designated teacher, Linda Harries who is responsible for promoting the educational achievement of looked-after children and previously looked-after children in line with [statutory guidance](#).

The designated teacher is appropriately trained and has the relevant qualifications and experience to perform the role. As part of their role, the designated teacher will:

- Work closely with the DSL to ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to
- Work with virtual school heads to promote the educational achievement of looked-after and previously looked-after children, including discussing how pupil premium plus funding can be best used to support looked-after children and meet the needs identified in their personal education plans

Pupils who are lesbian, gay, bisexual or gender questioning

We recognise that pupils who are (or who are perceived to be) lesbian, gay, bisexual or gender questioning (LGBTQ+) can be targeted by other children. See our behaviour policy for more detail on how we prevent bullying based on gender or sexuality.

We also recognise that LGBTQ+ children are more likely to experience poor mental health. Any concerns should be reported to the DSL. Add details of the pastoral support you offer these pupils, such as appointing an LGBTQ+ pastoral lead.

When families/carers are making decisions about support for gender questioning pupils, they should be encouraged to seek clinical help and advice. This should be done as early as possible when supporting pre-pubertal children.

When supporting a gender questioning pupil, we will take a cautious approach and work in partnership with all parents with parental responsibility as there are still unknowns around the impact of social transition, and a pupil may have wider vulnerability, such as a complex mental health and psychosocial needs, and in some cases, autism spectrum disorder (ASD) and/or attention deficit hyperactivity disorder (ADHD).

We will also consider the broad range of their individual needs, in partnership with their parents (other than in the exceptionally rare circumstances where involving parents would constitute a significant risk of harm to the pupil). We will also including any clinical advice that is available and how to address wider vulnerabilities such as the risk of bullying.

Risks can be compounded where children lack trusted adults with whom they can be open. We therefore aim to reduce the additional barriers faced and create a culture where they can speak out or share their concerns with members of staff.

Non-collection of children

If a child is not collected at the end of the session/day, we will:

Set out the school procedures here, or refer to a separate policy/procedure for this if you have one. Your procedure should include information on contacting parents/carers, who will look after the child and how the incident will be recorded.

Missing pupils

Our procedures are designed to ensure that a missing child is found and returned to effective supervision as soon as possible. If a child goes missing, we will:

Set out the school procedures here, or refer to a separate policy/procedure for this if you have one. Your procedure should include information on contacting parents/carers, who will look after the child and how the incident will be recorded.

Young Carers

OWN Trust recognises that children who are living in a home environment which requires them to act as a young carer for a family member or a friend, who is ill, disabled or misuses drugs or alcohol can increase their vulnerability and that they may need additional support and protection.

Schools will:

- seek to identify young carers; offer additional support internally; signpost to external agencies; be particularly vigilant to the welfare of young carers and follow the procedures outlined in this policy, referring to Early Help or Social Care as required if concerns arise.

Privately Fostered Children

Private fostering is when a child under the age of 16, (under 18 if disabled) is provided with care and accommodation by a person who is not a parent, person with parental responsibility for them or relative in their own home for 28 days or more.

The school will follow the mandatory duty to inform the local authority of any 'Private Fostering' arrangements and refer to the Fostering Assessment Team.

Children who have Family Members in Prison

OWN Trust is committed to supporting children and young people who have a parent or close relative in prison and will work with the family to find the best ways of supporting the child.

The Trust recognises that children with family members in prison are at risk of poor outcomes including: poverty, stigma, isolation, poor mental health and poor attendance.

The school will treat information shared by the family in confidence and it will be shared on a 'need to know' basis.

The school will work with the family, specialist organisations and the child to minimise the risk of the child not achieving their full potential.
